## SUMMARY

Front-End Developer with expertise in building responsive, user-focused web applications using modern JavaScript frameworks. Skilled in writing clean, efficient code and enhancing UI performance for improved user interactions. Looking to leverage technical abilities and problem-solving skills in a collaborative project environment.

## EXPERIENCE

### Web developer Intern

Aquaint Geotech LLP

July 2024 - September 2024, Noida, UP

- Spearheaded implementation of new features, increasing **daily active users** to **10,000+**.
- Collaborated with **UI/UX team** to develop **design system** using **Styled Components**, accelerating **UI consistency** and reducing **design-to-development time** by **40%**.
- Managed **version control** with **Git**, resolving **merge conflicts 30% faster** and improving **sprint efficiency** by ensuring **100% code integration** in **Agile workflows**.

## EDUCATION

### B. Tech in Computer Science and Engineering

Vellore Institute of Technology • Bhopal, IN • 2025

## COURSEWORK

Data Structures & Algorithms (DSA) | Computer Vision | Software Testing Automation (Powered by Katalon)

## PROJECTS

### E-commerce Website

- Developed a **fully functional e-commerce platform**, enhancing **page speed** by **40%** using **Server-Side Rendering (SSR)** & **Static Site Generation (SSG)**, improving **customer satisfaction** and **retention**.
- Integrated **Razorpay** for secure payments, reducing **checkout abandonment rates** by **30%** and improving **transaction efficiency**.
- Revamped **UI/UX** using **Tailwind CSS**, achieving **100% mobile responsiveness** and increasing **user engagement** by **25%**.
- Optimized **state management** with **Redux**, ensuring smoother navigation and faster data retrieval.

### News Snap

- Designed and built a **responsive News App**, delivering **real-time news updates** with **80% faster load times**.
- Implemented **category-based filtering** and **search functionality**, enhancing content accessibility and increasing **user interaction** by **35%**.
- Reduced **asset load times** by **30%** by optimizing **image delivery** and implementing efficient **caching strategies**.
- Integrated **API rate limiting**, decreasing **API request latency** by **50%** and improving **content delivery**.

### AUTO FILLER Extension

- Developed a **Chrome Autofill Extension** using **JavaScript**, **HTML**, and **Manifest v3**, automating **form filling** and improving **efficiency** by **50%**.
- Created a **customizable popup UI** with **local storage** support, enabling users to manage and autofill frequently used data.
- Spearheaded **feature implementation**, contributing to **10,000+ unique daily active sessions**.
- Enhanced **input accuracy** with **smart field detection**, reducing **manual entry errors** by **40%**.

## SKILLS

### Technical Skills

**Languages:** HTML5, CSS3, JavaScript (ES6+), C++, TypeScript.

**Databases:** MongoDB.

**Frameworks:** React.js, Next.js, Express.js, Redux.

**Styling:** Tailwind CSS, SCSS, Styled Components, Bootstrap, Tailwind CSS.

**Tools & Platforms:** Git, Postman, VS Code, npm.

**Other:** Responsive Design, Web Performance, SEO basics.
